

**SECRET**

DD/ST# *4347-68*

7 November 1968

**MEMORANDUM FOR:** Acting Director of Programming, Planning,  
and Budgeting

**SUBJECT:** Request for Comment on [REDACTED]

25X1D

25X1D

1. I have some personal reservation on the primary requirement, particularly with regard to its validity at the time the proposed hardware would become available.

2. I am unconvinced that a sufficient number of possible systems have been examined.

3. I have discussed the proposal with my appropriate office chiefs and asked for further examination of other ways to meet the primary requirement.

25X1A

Carl E. Duckett  
Deputy Director  
for  
Science and Technology
